# Problem Statement

Main Problem:

1. Donation
2. Information
3. Organization

# System Requirements

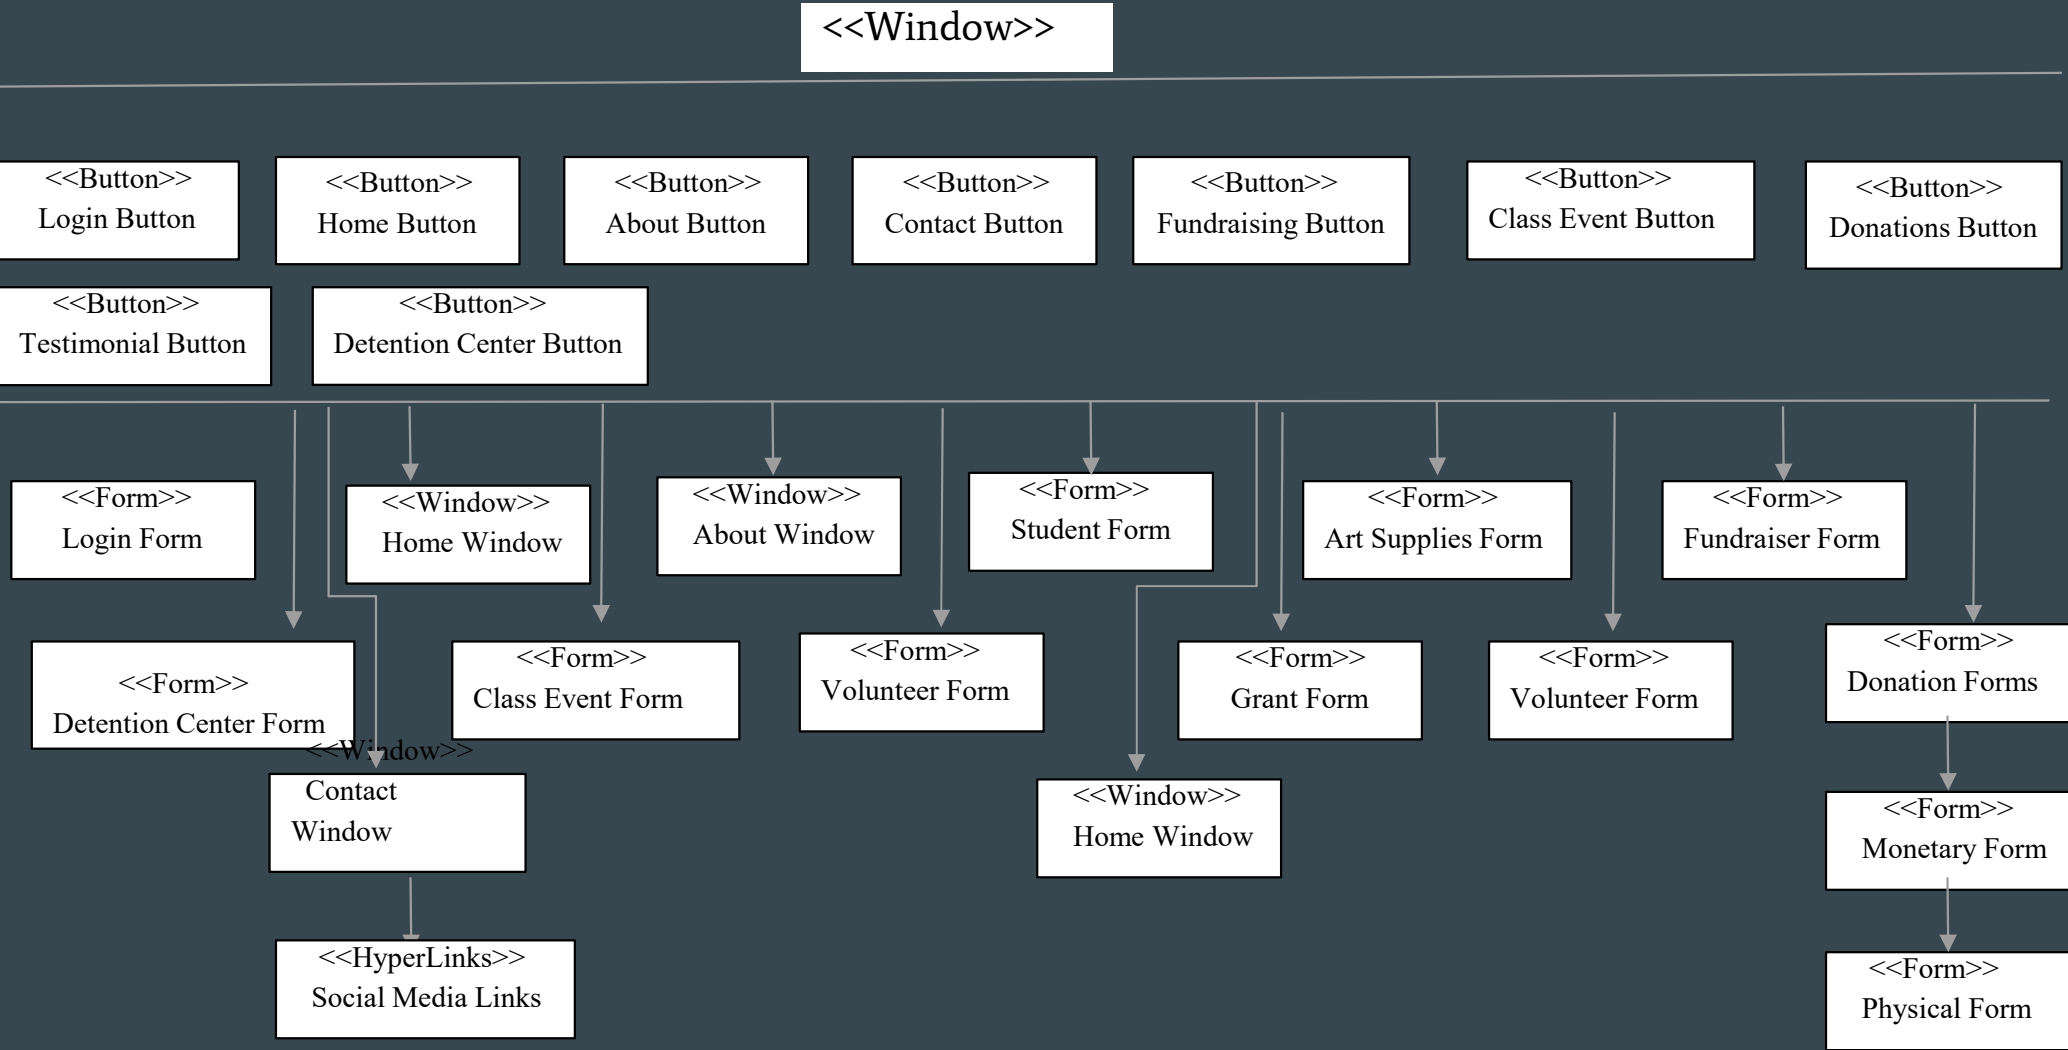

## Functional Requirements:

- Provide information and testimonials about the Thompson Project
- Manage students and staff/volunteers
- Host an events calendar (for fundraising and student classes)
- Accept physical and monetary donations

## Non- Functional Requirements:

- Allow storage of user data and records in a secure database
- Provide system recovery/backup
- Display social media links throughout entire site
- Accessible system, 24/7

# The Thompson Project

[About Us](#)[Donate](#)[Volunteer](#)

The Thompson Project was created to help kids in Juvenile Centers. We want to provide ways to help do better for them, provide hygiene products, clothes, and a better education. Children range from 8-18. With your help, we will be able to help each kid out and do better for them.

## The Thompson Project Testimonials

The Thompson Project allowed me to feel at home and provided me with warm clothes.

The Thompson Project allowed me to help work with students and provide educational support.
